

Mr Rainer Linz – Sunshine, Melbourne.

I've been tutoring for 13 years. I have extensive experience in tutoring VCE, Years 10 to Year 12 English. I am particularly able to assist students in Essay Writing and context development. My teaching style is ideal for secondary students. By providing one-to-one tutoring I am able to address individual students' weaknesses and maximise their strengths. My students usually obtain overall improvements in English expression and excellent exam results.

I also provide **ESL English for Professionals** and undergraduate English and Essay Writing. In addition I teach **guitar and composition**.

I hold a current Working with Children Check card, and usually work from Wednesday to Sunday. Contact me for further time details.
